Newport Series

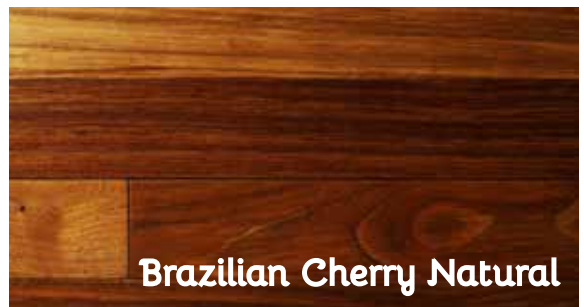

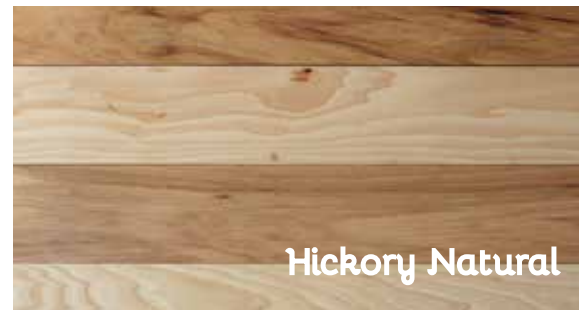

Pictured: Hickory Natural

NEWPORT Series

No matter what look you want to achieve in your home, the Newport Series has the versatility to match virtually any style. Choose from a wide range of species, including Maple, Hickory, Tigerwood, and Brazilian Cherry. This $\frac{3}{4}$ -inch solid flooring is prefinished to bring out the intrinsic color, grain, and detail of the wood. The low-gloss aluminum oxide coating provides an extremely long lasting, durable finish.

The Newport Series is an outstanding choice for homeowners who wish to find an attractive and durable flooring option that will last for years after installation. This product has long been recognized for its exceptional quality and value. With the Newport Series, homeowners can expect nothing less than the best.

Please Note: Brazilian Cherry and Tigerwood will darken from exposure to natural sunlight. Maple is a beautiful natural material that can vary from an off-white cream color to reddish or golden hues with dark reddish brown tones. The grain is subdued and generally straight but can be wavy.

Serenity Series

Pictured: Honey

SERENITY Series

Distressed hardwood flooring recreates the authentic appearance of historic wood floors that were cut and installed before modern woodworking techniques existed. The Serenity Series is scraped by hand to produce a truly one-of-a-kind look. Homeowners love this product because every board is entirely individual and unique.

This 3/4-inch solid hardwood flooring is made from exotic plantation grown Seringa. It's available in random widths of 3-1/4, 4, and 4-3/4 inches. Each plank is treated with an anti-scratch coating to ensure its lasting refinement and beauty. Available in five stunning colors, this product is sure to add value and substantial personality to your home.

ESTEEM Series

Wide plank flooring has a natural look and rustic charm that is perfect for a relaxed, comfortable home environment. With the Esteem Series, you get 7-inch wide planks that are hand scraped to perfection, creating a distinct character that is awe-inspiring.

Each 1/2-inch engineered Hickory plank features graining detail and color variation that resembles a handcrafted solid hardwood floor. Hickory is one of the hardest North American species available and the eco-friendly Perma Finish further enhances the durability of this product. The Esteem Series is an ideal choice for homeowners wanting warmth, artistry, and durability in a wide plank hardwood floor.

TRADITION Series

Gentle hand scraped distressing and a selection of sophisticated hues come together to make the Tradition Series the perfect choice for any style home. Hand scraped hardwood floors have a natural worn aesthetic that fuses old-world craftsmanship with modern design. The beveled edges and variable length planks give the Tradition Series the look of solid hardwood flooring.

Each 5-inch wide Hickory plank is accented by artistic wood graining and factory finished in a warm array of elegant and rich colors. Wide plank hardwood flooring offers a clean look with fewer seams and edges. This beautiful engineered flooring can be used to enhance almost any space inside your home.

WESTLAKE Series

Random-width flooring is reminiscent of a time when rustic floors were constructed from any wood that was readily available. The Westlake Series captures the character and uniqueness of that era while introducing modern quality, durability, and style. Each plank is carefully crafted with a timeworn distressed surface that has a distinctive flair.

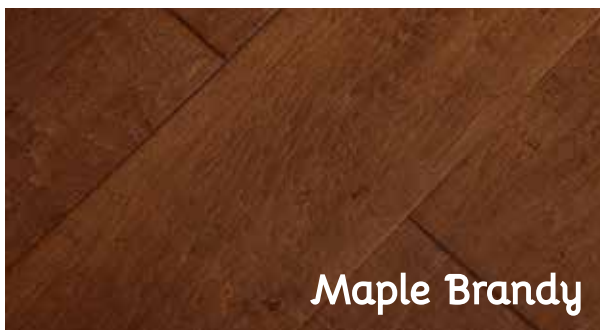

This 1/2-inch engineered hardwood is available in a variety of colors, sizes, and species. Customers can choose from Hickory or Maple planks with 4, 6, and 8-inch widths. With random-width flooring, the design possibilities are almost endless. The Westlake Series gives you the power to express your particular vision.

BERKSHIRE Series

The Berkshire Series lets you put the time-honored style of hardwood flooring anywhere inside your home. Constructed with a sawn face veneer, this engineered product closely replicates the look and feel of solid hardwood flooring. The core layers are designed for increased dimensional stability while the outer surface layer adds beauty and authenticity.

This product also features an aluminum oxide coating for enhanced durability.

These 1/2-inch engineered hardwood planks are available in random lengths up to 48 inches for a natural look. The micro-beveled edges and ends also enhance the authentic appearance of this product. Customers choose the Berkshire Series because it adds value and imparts an elegant beauty to any space.

- Provides beauty and protection
- Easy to use
- 100% residue free
- PH Neutral
- Compatible with all types of Perma/Aluminum Oxide finishes
- Lemon scent
- Includes mop, microfiber cleaning pad, microfiber dust pad, and 32 oz spray bottle of cleaner.

Wood Floor Vents

Selecting floor registers is usually a decorative afterthought, but nothing adds warmth and class to your floors like natural wood floor registers. Our wood floor registers are solid hardwood and available in both flush mount and drop in models. For added design flexibility, our registers can be matched to any color available in our entire Impressions Hardwood Collection line.

Flush Mount

FLUSH MOUNT

Our flush mount floor register sits flat on the subfloor, offering a streamline and clean look. The frame is set permanently into the flooring while the vent is removable for duct cleaning.

DROP IN

Our drop in wood floor registers are designed to easily replace metal registers and add instant warmth and beauty to any room. Available in an array of pre-finished stain colors and wood species, it's the perfect finishing touch to any floor covering. Replacing metal registers with wood floor registers will add style, quality and value to any home. With several design options and colors to complement any existing flooring and décor, wood floor registers are simply the natural choice.

Drop In

Mouldings

Installing wood mouldings in an existing living space adds instant value, style and architectural elegance. Incorporating wood mouldings creates beauty and sophistication in any home.

Our mouldings are available in several species and for a custom design look, our mouldings can be coordinated to any color available in our entire Impressions Hardwood Collection line.

What is the Six Side Seal®?

- The Six Side Seal® is a urethane moisture barrier seal coating ALL surface areas of EACH PIECE of flooring.
- Provides a square edge without excessive overwood.
- Reduces likelihood of cupping, warping and cracking due to seasonal moisture changes.
- Zero acclimation needed while following all NWFA jobsite standards.
- Contains anti-mold, anti-mildew and anti-bacterial components to keep home allergens suppressed.
- Provides a physical barrier to wood-eating insects.
- Exclusive to prefinished hardwood in the Impressions Hardwood Collection.
- The Hampton, Nantucket, and Piedmont Series all feature the Six Side Seal®.

Patented technology
exclusive to the Impressions
Hardwood Collection!

Lifetime Structural Integrity Warranty

IHC warrants, to the original purchaser, that its products, in their original manufactured condition, will be free from manufacturing defects in milling, dimension, and grade for the lifetime of the floor. Structural integrity does not cover the normal expansion and contraction that solid wood floors may experience between boards at different times during the year. If minor separations do occur, they are not covered by this warranty. Cupping or crowning due to excessive moisture or humidity is not covered by this warranty.

Lifetime Wear Layer Warranty

IHC warrants, to the original purchaser, that its surface wear layer will not wear through or separate from the wood for the lifetime of the floor from the original date of purchase, on all prefinished products, when used in normal residential traffic conditions.

We recommend using the Impressions Hardwood Floor Care Kit to maintain the beauty of your floor. The use of other products not formulated for your IHC floor may damage your floor and void the warranty.

IHC Warranty Exclusions

The patterns and color variations created in a living tree are like all of nature – never repeated. Naturally occurring wood characteristics such as mineral streaks, knots, variations in grain and color, are not considered defects. Your newly installed floor will vary from samples or pictures shown – this variation is not covered by our warranty. Also, species, age, character, and exposure to sunlight may keep new or replacement flooring from matching existing flooring or samples. Because hardwood flooring is a natural product, it will expand and contract due to seasonal moisture level changes.

All wood flooring will undergo natural color changes due to the effects of sunlight and /or ultraviolet light and changes are not covered by our warranty. Area rugs and other furnishings should be moved occasionally as they block sunlight and may give the appearance of discoloration under the rug. This is not a product defect.

IHC warranties exclude indentations, scratches or damages caused by misuse, negligence, accidents, fire, erosion, insects, pets, shoes, pebbles, sand, other abrasives, lack of proper maintenance, insufficient protection on furniture, and misuse or improper alterations of the manufactured product. Damage due to water and/or moisture, including, but not limited to damage resulting from broken or leaking pipes, wet mopping, weather conditions or natural disasters, is excluded from Horizon Forest Products warranties.

INSTALLATION OF ANY FLOORING CONSTITUTES ACCEPTANCE OF ITS GRADE, MILLING, AND FINISH. As Impressions Hardwood Flooring has no control over installation methods or site conditions, we cannot warranty any installation or site related issue.

Gloss reduction is not considered surface wear, therefore it is not covered under this warranty. This writing is the complete and exclusive statement of the warranty, and is in lieu of all other expressed and/or statutory warranties. IHC assumes no liability for incidental or consequential damages.

Claims Information

In the unlikely event that any portion of your IHC floor should fail with respect to the provisions of the warranties, IHC, at its sole option, to the original purchaser, will repair, refinish or replace such portion, at no cost to you, with the same product of equal value. In the unlikely event that IHC is not able to correct the failure after a reasonable number of attempts, IHC will refund, if requested, the purchase price for the portion of the floor that fails.

IHC reserves the right to have its representative inspect the floor and remove samples for technical analysis.

Questions? Please give us a call today at (866) 722-4IHC!

Lifetime Structure & Wear Warranty

All Impressions products are backed by our lifetime satisfaction warranty. Our products are manufactured with the intent of providing you with a lifetime of satisfaction and enjoyment. See our website for details.

Prefinished

The Impressions Hardwood Collection is prefinished to ensure quality, durability, and convenience. When nailed or stapled down, you can be back on your floors the very same day. In glue down or floating applications, you will be back on your floors the next day.

Care & Maintenance

Care for your new Impressions Hardwood Floors with the Impressions Hardwood Collection Floor Care Kit from your local retailer. Protect the finish with floor protectors on all furniture legs and feet. Always use a dolly or a piece of plywood when moving heavy objects. Never use oil or wax on your hardwood floor!

Earth Friendly

Impressions is committed to only providing products that are sourced legally and responsibly. All products are Carb II compliant and 100% Lacey Act compliant. Third party certification agencies are used to verify that all raw materials used in the production of our wood flooring products are of legal origins.

Real Wood

Impressions Hardwood Collection products come in a variety of real wood species. The natural beauty of real wood adds value to your home while enhancing its comfort. Whatever your taste, we have a floor that will suit your style.
